Responsibilities & Context

Transparency International Bangladesh (TIB) is inviting applications from Bangladeshi nationals for the position of Assistant Coordinator (Energy Governance), to be recruited for a project titled "Advancing **Transparent and Inclusive Renewable Energy Transition in Bangladesh.” The Assistant Coordinator (EG)** is expected to join in July 2026 and serve until June 2028, renewable subject to mutual agreement. The incumbent will be based in Dhaka, reporting to the Coordinator (Energy Governance).

Project objectives in brief: The project objective is to advance a transparent and inclusive renewable energy transition in Bangladesh. The project promotes investment in renewable energy and policy reform in Bangladesh by empowering key stakeholders with tools for advocacy, ethical investment, and accountability in the energy transition. To this end, the project will undertake research, policy advocacy, campaigns, and awareness-raising activities.

Responsibilities:

- Support the overall planning, design, coordination, and implementation of the project, specifically by developing operational plans and coordinating project-related tasks, including meetings, workshops, dialogues, and campaign activities that engage relevant actors and decision-makers in collaboration with TIB stakeholders.
- Support the overall planning, design, coordination, and implementation of the project, specifically by developing operational plans and coordinating project-related tasks, including meetings, workshops, dialogues, and campaign activities that engage relevant actors and decision-makers in collaboration with TIB stakeholders.
- Support developing research concepts on contemporary renewable energy financing and governance issues; conduct/outsource/support the research considering global and national climate pledges.
- Contribute to developing research concepts, methodologies, tools, techniques, and processes for data collection.
- Collect, supervise, and analyse primary and secondary data, ensuring data authenticity and quality.
- Train short-term staff, write reports and presentations in Bangla and English, and contribute to policy advocacy through drafting briefs and assisting with advocacy plans.
- Engage in advocacy, communication, and partnership activities with government authorities/other entities/organisations/stakeholders.
- Disseminate reports, policy papers/briefs and communication materials.
- Implement capacity building, campaigns, and awareness-raising activities to advance a transparent and inclusive renewable energy transition.
- Develop, manage, and update a resource pool of experts and stakeholders for various activities.
- Prepare periodic work plans and monitor the implementation of the project budget and expenses for programme events and activities, ensuring they are consistent with the expected results.
- Prepare periodic reporting on project implementation to development partners, the NGO Affairs Bureau (NGOAB), etc., in coordination with donors and other stakeholders.
- Undertake project-related field visits outside Dhaka as necessary, with the expectation that the Assistant Coordinator (EG) will be willing to travel frequently for project needs.
- Provide support to administrative and logistics-related activities of the project.
- Perform any other tasks assigned by the authority.
