Responsibilities & Context

Position: Digital Marketing Executive

Department: Marketing

About the Role

We are looking for a results-driven Digital Marketing Executive with hands-on experience in Meta (Facebook & Instagram) advertising and Bangladesh`s e-commerce industry. The ideal candidate should be capable of planning, executing, optimizing, and scaling profitable advertising campaigns while maintaining accurate performance reporting.

Key Responsibilities

Meta Advertising

- Create and manage Facebook and Instagram advertising campaigns using both ABO and CBO strategies.
- Build and optimize Interest, Custom, Lookalike, and Retargeting audiences.
- Conduct structured A/B testing of ad creatives (images, videos, copy, and audiences).
- Install and manage Meta Pixel and configure conversion events such as View Content, Add to Cart, Initiate Checkout, and Purchase.
- Monitor campaign performance using key metrics including CTR, CPC, CPM, Cost per Purchase (CPP/CPA), ROAS, and Frequency.
- Scale successful campaigns using horizontal and vertical scaling strategies.
- Pause or optimize underperforming campaigns within 24–48 hours.

Product & Marketing

- Identify winning products based on campaign performance and market trends.
- Understand Bangladesh`s Cash on Delivery (COD) business model, fake order challenges, return rates, and courier operations.
- Develop compelling advertising copy and promotional offers.
- Review landing pages and recommend improvements to increase conversion rates.

- Conduct competitor research on products, pricing, and advertising strategies.

Analytics & Reporting

- Prepare daily, weekly, and monthly campaign performance reports.
- Analyze campaign results by placement, age, gender, device, and audience.
- Track advertising spend in both BDT and USD accurately.
- Measure campaign profitability by comparing advertising costs against product margins.
- Maintain organized dashboards and performance records using Microsoft Excel or Google Sheets.

Technical Skills

- Work with Shopify and/or WordPress websites.
- Understand Meta Pixel integration and basic Conversion API concepts.
- Have working knowledge of Google Analytics and Google Tag Manager (preferred).
- Coordinate with designers and developers to improve campaign performance.
