Additional Requirements

- Age At least 24 years
- Only Male

Responsibilities & Context

- Manage the day-to-day operations of the distribution depot and coordinate effectively with Sales, Production, Supply Chain, Finance, HR, and other departments to ensure uninterrupted distribution operations.
- Receive finished paper products from the factory or warehouse against delivery challans and verify product specifications, quantity, quality, and proper stacking before storage.
- Ensure proper storage, handling, and preservation of paper products in accordance with company standards, maintaining FIFO inventory practices to minimize product deterioration and inventory aging.
- Plan and coordinate daily delivery schedules and vehicle routes to ensure timely, cost-effective, and accurate distribution to customers and distributors.
- Coordinate with the Sales team, transport providers, distributors, and customers to ensure smooth order fulfillment and on-time delivery.

- Maintain accurate records of inventory receipts, dispatches, stock transfers, delivery documentation, and other depot-related transactions in both physical and ERP systems.
- Process depot operational expenses, manage petty cash, maintain supporting documentation, and ensure timely reconciliation in accordance with company financial policies.
- Conduct regular physical inventory counts, reconcile stock with system records, investigate discrepancies, and report inventory variances promptly.
- Monitor company and third-party transport operations, maintain vehicle utilization records, supervise drivers, and coordinate routine vehicle maintenance to ensure uninterrupted distribution activities.
- Visit distributors and key customers periodically to monitor service quality, resolve delivery-related issues, verify account information, and gather market feedback.
- Ensure compliance with company policies, warehouse standards, and Health, Safety, and Environment (HSE) requirements while maintaining a clean, organized, and safe depot environment.
- Maintain attendance and duty records of depot personnel, including warehouse staff, drivers, security personnel, and other support employees.
- Perform all SAP/ERP-related distribution and inventory transactions accurately and ensure timely system updates for stock movements, deliveries, and depot operations.
- Prepare daily, weekly, and monthly distribution and inventory reports, analyze operational performance, and recommend process improvements to enhance efficiency and customer service.
- Perform any other distribution, warehouse, or logistics-related responsibilities assigned by management to support the organization's operational objectives.
