Responsibilities & Context

Are you an accomplished **B2B software sales leader** with a proven track record of winning international clients and building long-term strategic partnerships?

AgamiSoft Ltd. is looking for an experienced **Global Business Development Manager – IT** to lead our global business expansion initiatives. This is a **leadership role** responsible for driving international B2B sales, developing strategic partnerships, and accelerating revenue growth across global markets.

About AgamiSoft Ltd.

AgamiSoft is a global Digital Transformation & AI Technology Company with operations in **Bangladesh, the USA, and Canada**. For more than **8 years**, we have been helping startups, SMEs, and enterprise organizations transform their businesses through innovative technology solutions.

Unlike traditional software companies, we support businesses throughout their entire digital journey - from business strategy and UI/UX design to software development, AI implementation, digital marketing, automation, and long-term growth.

Our Expertise

- Enterprise Software Solutions (ERP, CRM, HRM, POS & Custom Business Applications)
- Mobile Application Development (iOS, Android & Cross-platform)

- E-commerce Solutions & Automation
- Machine Learning & Artificial Intelligence (AI)
- SaaS Product Development
- Custom Software Development
- UI/UX Design & Product Engineering
- Digital Transformation Consulting
- Digital Marketing & Growth Services (SEO, Performance Marketing, Branding & Lead Generation)

At AgamiSoft, we don`t just build software - we help businesses **design, build, launch, automate, scale, and grow**. Our vision is to become one of the world`s most trusted digital transformation partners.

Your Role

As the **Global Business Development Manager – IT**, you will be responsible for acquiring enterprise clients, building strategic partnerships, and leading global B2B sales initiatives.

You will work directly with senior management and play a key role in shaping the company`s international growth strategy.

Key Responsibilities

- Develop and execute international business development strategies.
- Identify and acquire enterprise clients across the USA, Canada, Europe, Australia, the Middle East, and other global markets.
- Generate qualified B2B leads and build a strong international sales pipeline.
- Conduct high-level client meetings, software demonstrations, and executive presentations.
- Lead contract negotiations and successfully close high-value software and digital transformation projects.
- Build strategic partnerships with agencies, technology companies, and enterprise organizations.
- Collaborate with marketing, product, and engineering teams to develop effective go-to-market strategies.
- Analyze international market trends, competitors, and business opportunities.
- Achieve ambitious revenue and business growth targets.
- Mentor and support the global business development team.

Requirements

- Bachelor`s degree in Business, Marketing, Computer Science, Engineering, or a related field.
- **Minimum 5 years of proven experience** in **international B2B software or IT services sales**.
- Strong experience selling Enterprise Software, SaaS, AI solutions, Custom Software Development, Digital Transformation Services, or Technology Consulting.
- Demonstrated success in generating and closing high-value international software deals.
- Strong understanding of consultative selling, enterprise sales, and solution-based selling.
- Excellent communication, negotiation, presentation, and relationship-building skills.
- Experience working with international clients and decision-makers.
- Ability to develop sales strategies and manage a global sales pipeline.
- Willingness to travel internationally when required.

Preferred Qualifications

⭐ Existing network of international business contacts.

⭐ Experience selling AI, Enterprise Software, SaaS, Cloud Solutions, or Digital Transformation Services.

⭐ Experience leading or mentoring business development teams.

What We Offer

- Competitive executive compensation package.
- Attractive performance incentives with uncapped earning potential.
- Leadership role with direct impact on company growth.
- Opportunity to work with international clients and global markets.
- Professional development and continuous learning.
- Friendly, collaborative, and innovation-driven culture.
- Festival bonuses.
- Weekly holidays: Friday & Saturday.

How to Apply

Interested candidates are invited to **apply online through Bdjobs** or send their updated CV to **career@agamisoft.com**

Email Subject: *Application for Global Business Development Manager – IT*

Please include the following with your application:

- Your most significant international software sales achievement.
- Annual sales/revenue you have generated or managed.
- Countries/regions where you have handled B2B software sales.
- Your LinkedIn profile URL (if available).

📅 **Application Deadline:** July 10, 2026

If you`re passionate about building global partnerships, closing enterprise technology deals, and leading the international growth of a fast-growing technology company, we`d love to hear from you.

Business:

AgamiSoft Ltd. is a fast-growing global software company with operations in Bangladesh, the United States, and Canada, delivering innovative technology solutions that help businesses grow and transform digitally. For over 8 years, we have partnered with startups, SMEs, and enterprise clients to build scalable software products, including ERP, CRM, HRM, POS, eCommerce platforms, AI-powered applications, mobile apps, and custom enterprise solutions. Our products are trusted by businesses across multiple industries and are designed to solve real business challenges through technology. At AgamiSoft, we're not just developing software — we're building the future of digital business. We invest in innovation, AI, product development, and our people. Our team works in a collaborative, fast-paced environment where ideas are valued, performance is recognized, and career growth is encouraged. If you're looking for more than just a job — if you want to build your

career with a company that has a global vision, ambitious goals, and a culture of continuous learning and innovation—AgamiSoft is the place for you.
