---

## Responsibilities & Context

- Coordinate with the Factory and Head Office Supply Chain teams regarding material requirements and Purchase Requisitions (PRs).
- Verify and validate procurement requirements with respective users before PR submission.
- Follow up with factory users and the audit team to ensure timely submission of bills, challans, and supporting documents to the Head Office.
- Assist the Head Office SCM team by providing complete product specifications, including part numbers, product images, machine models, brands, and technical details to expedite procurement.
- Coordinate with suppliers to ensure urgent material deliveries after the issuance of Work Orders (WO).
- Resolve quality-related issues of received materials by coordinating with suppliers and internal stakeholders to reach practical solutions.
- Monitor inventory levels to maximize stock utilization and minimize unnecessary procurement.

- Visit local markets with technical/user departments to identify suitable products and evaluate potential vendors.
- Execute local purchases, when required, following the company's SCM policies, including price negotiation, comparative statement (CS) preparation, approval process, Work Order creation, and documentation.
- Ensure compliance with company procurement policies, procedures, and internal controls.
