Responsibilities & Context

Job Context

CREATION PLUS is looking for a smart, confident, and result-oriented **Software Sales & Marketing Executive** who has the ability to generate leads, build business networks, communicate with potential clients, and bring software/IT projects for the company.

This is a **commission-based and target-based position**. The selected candidate will have a monthly sales target and will receive commission for every confirmed software/project sale.

This job is not only about online posting or basic marketing. The candidate must have strong networking ability, because software sales mainly depends on communication, relationship building, client trust, business connections, and regular follow-up. The candidate should be able to connect with business owners, companies, shops, educational institutions, hospitals, clinics, entrepreneurs, and other potential clients who may need software or IT solutions.

Products / Services to Sell

The candidate will promote and sell our software and IT services, including:

- Website Development
- E-commerce Website
- Mobile App Development
- ERP Software
- POS Software
- Inventory Management Software
- Hospital / Clinic Management Software

- School / Coaching Management Software
- Custom Business Software
- Business Automation Solution
- Any other software or IT solution provided by the company

Key Responsibilities

- Generate software sales leads from online and offline sources.
- Build and maintain a strong business network for software sales.
- Communicate with business owners, entrepreneurs, companies, shops, institutions, and organizations.
- Find potential clients who may need website, app, ERP, POS, or custom software.
- Approach clients through personal network, Facebook, LinkedIn, referrals, local business market, phone calls, and direct meetings.
- Explain company services and software solutions clearly to clients.
- Understand client problems, business needs, and software requirements.
- Arrange online or physical client meetings when required.
- Prepare or assist in preparing quotations, proposals, and service offers.
- Maintain regular follow-up with leads until deal closing.
- Convert potential leads into confirmed clients.
- Achieve monthly sales/project target.
- Maintain a lead list and update management about daily/weekly sales activities.
- Build long-term client relationships for repeat business and referrals.

Sales Target & Commission System

- This position will have a **monthly sales target**.
- The candidate must work to fulfill the target by bringing confirmed software/project sales.
- Commission will be provided for every successful software/project sale.
- Commission percentage will be negotiable and finalized during the interview.
- Higher-value projects will have better earning opportunity.
- Extra incentive will be provided for high-value projects or over-target performance.
- Commission will be paid after client payment is received as per company policy.
- Candidates with strong networking and proven sales ability will get better commission negotiation opportunity.

Who Should Apply?

This job is suitable for candidates who:

- Already have or can build a business network.
- Can communicate confidently with clients.
- Can find clients and create sales opportunities.
- Are interested in software and IT business.
- Want to earn based on performance and commission.
- Can work with monthly sales targets.
- Can meet business owners and decision makers.
- Can follow up regularly and close deals.
- Want to build a career in software sales and marketing.
