Geographical Information Systems Intern

Job Description
Join us for an exciting internship opportunity with the United Nations Operations and Crisis Centre (UNOCC)! 🌍 You can choose a flexible work arrangement – in-person, remote, or hybrid. This unpaid internship lasts for 6 months, providing vital support to our Data Unit, which conducts analysis and data engineering to assist senior UN leadership in understanding country risks and crisis developments. Ideal candidates are collaborative team players with coursework in GIS, remote sensing, or related fields, and proficiency in English. Knowing another UN language is a plus! Please note that interns will need to cover their own expenses, including travel and accommodation.

THE UNITED NATIONS DOES NOT CHARGE A FEE AT ANY STAGE OF THE RECRUITMENT PROCESS (APPLICATION, INTERVIEW MEETING, PROCESSING, OR TRAINING). THE UNITED NATIONS DOES NOT CONCERN ITSELF WITH INFORMATION ON APPLICANTS' BANK ACCOUNTS.
