IT Operations Manager

SUMMARY: Yocha Dehe Wintun Nation (Yocha Dehe or Tribe) is a federally recognized tribal government. The Tribe's mission is to provide for the health and welfare of its people, to govern its own lands and affairs with sovereign independence and in a manner consistent with its cultural values, and to enhance and diversify its economy for the overall good of the nation. Yocha Dehe's governing body, its elected Tribal Council, is charged with implementing this mission. As a federally recognized tribe, Yocha Dehe exercises a government-to-government relationship with the United States, as well as with the State of California and local governments, and the Tribe actively engages with outside agencies and officials, local stakeholders and members of the public.

POSITION SUMMARY: The IT Operations Manager is responsible for managing the company's IT infrastructure and operations. The IT Operations Manager will have a strong technical background, exceptional leadership skills, cybersecurity expertise, network architecture knowledge, and a strategic approach to managing IT resources. This role is vital for ensuring the smooth, secure, and efficient operation of YDWN's IT systems and services.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

· Ensure the proper maintenance, upgrade, and support of all IT-related infrastructure, including servers, networks, and telecommunication systems.

· Guide and mentor, a team of IT professionals, providing direction, training, and performance reviews to foster a high-performing team environment.

· Develop and implement strategies to improve IT operations, enhance system performance, and reduce downtime.

· Maintain the security of IT systems and ensure compliance with relevant regulations and policies, including data protection and cybersecurity standards.

· Work with external vendors and service providers to manage contracts, negotiate agreements, and ensure the quality of services delivered.

· Oversee the procurement of IT equipment and software to ensure that the organization has the necessary tools and resources to operate efficiently.

· Handle general accounting duties related to IT operations, including budgeting, financial reporting, and cost management.

· Oversee the resolution of IT incidents, ensuring quick and effective responses to minimize impact on business operations.

· In partnership with the Director of IT, develop and manage the IT operations budget, ensuring efficient allocation of resources and effective cost control.

· Manage and participate in IT projects, ensuring they are completed on schedule, within scope, and within budget.

· Identify opportunities for process improvement and implement changes to enhance IT service delivery and operational efficiency

· Perform other duties as assigned.

REQUIRED KNOWLEDGE AND EXPERIENCE

Qualifications

The requirements listed below are representative of the knowledge, skill, and/or ability required.

· Leadership Skills: Strong leadership and team management capabilities, with experience in mentoring and developing IT professionals.

· Problem-Solving: Excellent analytical and problem-solving skills, with the ability to troubleshoot complex technical issues.

· Business Acumen: Sound understanding of business operations and the ability to align IT initiatives with business goals.

· Project Management Skills: Proven ability to manage IT projects, including planning, execution, and delivery, while ensuring alignment with business objectives and efficient resource utilization.

· Adaptability: Ability to adapt to changing business needs and technology trends, with a proactive approach to continuous learning and improvement.

· Vendor Management: Experience in managing vendor relationships and negotiating contracts.

· Demonstrated ability to exercise integrity and discretion in all matters and to maintain confidentiality of all Tribal information and systems.

· Ability to work cooperatively and diplomatically with all Tribal Enterprises including but not limited to, Government, Fire Department, Retail, Casino and Citizens.

· Skilled at working independently to set priorities, make independent decisions, and rely on own judgment to ensure all work is completed in a timely fashion and within budget.

· Principles of budget management, administrative analysis and report preparation.

· Excellent documentation skills.

· Perform duties with high integrity and responsibility.

· Adheres to and supports Yocha Dehe's Core Values.
