Information Systems & Communications Technology

Job Description
The Office of Information and Communications Technology (OICT) is seeking motivated interns for roles in Business Relationship Management, Data Analytics, and Strategic and Project Support for an unpaid internship in New York, lasting up to 6 months, starting preferably in April 2026. Interns will assist with IT projects, provide administrative support for meetings, and help create training materials and documentation. You may work part-time or full-time (preferred), contributing to various digital transformation initiatives while developing skills in technologies like MS Power BI and SharePoint. Candidates should be enrolled in or have graduated from relevant university programs. Fluent English is required, and knowledge of another UN language is a plus. 🚀🌍

THE UNITED NATIONS DOES NOT CHARGE A FEE AT ANY STAGE OF THE RECRUITMENT PROCESS (APPLICATION, INTERVIEW MEETING, PROCESSING, OR TRAINING). THE UNITED NATIONS DOES NOT CONCERN ITSELF WITH INFORMATION ON APPLICANTS' BANK ACCOUNTS.
