Associate Motion Graphic Artist

PlaySimple Games · Greater Bengaluru Area (On-site)

About Us:

We are one of India's most exciting & fast-growing mobile gaming companies. Founded in 2014, and creating a global mobile gaming landscape in partnership with Modern Times Group (MTG), our vision is to create simple, impactful casual game experiences at a massive scale. Since our inception, we have built a worldwide network of chart-topping games, and powerful tech & analytics infrastructure to turbocharge their growth. Our product portfolio consists of evergreen hits like Daily Themed Crossword, WordTrip, WordJam, WordWars, WordTrek and Solitaire.

Role: Associate Motion Graphic Artist

Position Summary

Are you an animator who can bring stories to life with stunning, effective, and engaging animations? If yes, join PlaySimple Games! As a Motion Graphics Artist, you will collaborate with professional designers to develop creative concepts and marketing campaigns for our games. You will be involved in all stages of development, from conceptualization to video design and final animation. You'll be expected to deliver high-quality, engaging, and professional videos
within given time frames while ensuring creativity and precision.

What's Required of You

● Experience: 2+ years in motion design, animation, or a related field.

● Software Expertise: Proficiency in Adobe After Effects, Premiere Pro, Illustrator, and Photoshop. (Bonus: Experience with Blender or other 3D tools.)

● Animation Skills: Strong understanding of animation principles, character movement, and typography.

● Creative Visualization: Ability to transform ideas into visually compelling animations.

● Project Ownership: Capable of managing multiple projects, meeting deadlines, and working independently when needed.

● Technical Curiosity: Eagerness to learn new software and technologies to enhance workflow and efficiency.

● Performance Optimization: Ability to improve animation speed and performance without compromising quality.

● Communication & Collaboration: Strong teamwork skills with the ability to take and implement constructive feedback.

● Bonus Skills: Knowledge of After Effects scripting (Expressions), UI animations, and video editing expertise.

What We’re Looking For

● A keen eye for detail in animation, design, and storytelling.

● A proactive, creative thinker who brings fresh ideas and innovation.

● A team player who values collaboration and feedback.

● A passion for gaming, with an understanding of game marketing (a plus!).
