- Work directly with the founders on live projects

What we're looking for

- Strong communication skills (written and verbal)
- Confidence in negotiation and relationship management
- Good organisation and attention to detail for operations
- A proactive, ownership-driven attitude
- Comfortable interacting with senior professionals and clients

What you'll get

- Direct mentorship from and exposure to the founders
- Real client and expert interaction from day one
- A steep learning curve in operations, business development, and client management
- Internship Completion Certificate
- Stipend of ₹5,000–₹10,000/month + performance-based bonus
- Strong potential for a pre-placement / full-time opportunity based on performance
