Data Entry Specialist
CodeVertex Innovations LLC · United States (Remote)

About the job

About The Role

CodeVertex Innovations LLC is hiring a Data Entry Specialist to support operational records, document handling, and accurate data maintenance across internal systems.

Responsibilities

- Support day-to-day workflows, records, and cross-functional coordination.
- Maintain accurate documentation and structured internal records.
- Communicate updates, questions, and status clearly with team stakeholders.
- Protect sensitive business, customer, employee, or financial information as applicable.
- Contribute to reliable, organized, and accurate remote execution.

Required Qualifications

- Strong attention to detail, communication, and reliability.
- Ability to work remotely with ownership and follow-through.
- Comfortable working in a structured company environment.
- Ability to manage documentation, records, or operational tasks accurately.
- Strong organizational and problem-solving skills.

Preferred Qualifications

- Experience supporting remote teams or documentation-heavy workflows.
- Experience in administrative, operational, customer, HR, finance, or analytical support roles.
- Ability to maintain accuracy across recurring tasks and internal systems.

Work Environment

- Remote role for candidates located in the United States.
- Full-time position.
- Individual contributor or coordination-based responsibilities depending on role.

Equal Opportunity Statement

CodeVertex Innovations LLC is an equal opportunity employer. We consider qualified applicants without regard to race, color, religion, sex, national origin, disability, veteran status, age, or any other protected status under applicable law.
