Founders Desk Associate
Evarah · Noida, Uttar Pradesh, India (Hybrid)

About the job

Join the Founder's Office at Evarah!

Want to build a startup from the ground up instead of simply working in one?

At Evarah, we're building a next-generation lifestyle wellness brand with a mission to make preventive health a way of life. Through science-backed, high-quality products across Health, Wellness, and Beauty, we're creating a purpose-driven consumer brand for the next generation.

We're looking for exceptional individuals to join our Founder's Office as Founder's Desk Interns / Associate.

This is more than a job—it's an opportunity to work directly with the founders and experience firsthand what it takes to build a consumer brand from Day One. You'll take ownership of real business challenges and contribute across strategy, brand building, product development, marketing, operations, partnerships, and business growth. No two days will be the same.

Our founder, a University of Sydney graduate with a background in Marketing and Design Thinking, began her career managing a category-leading FMCG brand in Australia before returning to India to build a purpose-led consumer wellness company. She believes in empowering young talent with responsibility, mentorship, and the opportunity to learn by doing.

We're looking for Fresh MBAs or Graduates/Postgraduates in Mass Communication

• Have an entrepreneurial mindset and a strong sense of ownership

• Thrive in ambiguity and move with speed

• Are curious, resilient, proactive, and eager to solve complex problems

• Aspire to build leadership capabilities early in their careers

What you'll gain:

• Work side-by-side with the founders

• Build a business—not just your resume

• Own meaningful projects with real impact from Day One

• Learn across multiple business functions in a fast-paced startup environment

• Grow with a company that's building for the future

If you're excited by the idea of building, learning, and growing alongside a purpose-driven consumer startup, we'd love to hear from you. Come build something meaningful with us.

Location: Noida, India
