Healthcare Specialist (Remote)
Bangladesh

About the job

- Role: Healthcare Specialist (Remote)
- Location: Remote (Work from Anywhere)
- Job Type: Contract
- Payout: $30 - $40/hour

Role Overview:

We are hiring for one of our clients, seeking a Healthcare Professional to work on a contract basis. The role involves evaluating medical information for accuracy and relevance in AI training datasets. Candidates must have valid healthcare licensure and experience in clinical practice.

Key Responsibilities:

• Review and validate medical content for AI training datasets to ensure clinical accuracy and compliance with healthcare standards.

• Assess case studies, research papers, and clinical guidelines for correctness and relevance to specified medical specialties.

• Provide detailed feedback on medical terminology, drug interactions, and diagnostic criteria in AI-generated content.

• Collaborate with data science teams to refine AI models for healthcare applications using validated medical insights.

• Maintain strict confidentiality of proprietary medical datasets and proprietary AI training materials.

Required Skills & Qualifications:

• Licensed healthcare professional with active certification in a clinical discipline such as medicine, nursing, or pharmacy.

• Minimum of 2 years of direct clinical experience in patient care or medical education.

• Familiarity with medical coding systems including ICD-10, CPT, and SNOMED CT.

• Ability to interpret and evaluate complex medical literature and case studies for accuracy.

• Proficiency in using digital tools for medical documentation and content review.

• Strong attention to detail and commitment to maintaining high clinical standards in AI training datasets.

More About the Opportunity:

This role offers a unique opportunity to work with a global leader in the Technology, Information and Internet industry, contributing to the development of responsible AI systems in healthcare. Candidates will gain exposure to cutting-edge AI training methodologies while applying their clinical expertise.

Equal Opportunity Employer:

We hire based on skills and expertise. All qualified candidates are welcome regardless of background, experience, or prior employment history. Applications are reviewed solely on demonstrated technical ability and qualifications.
