Patent Manager (Full-time | 100% Work-From-Home)
Singapore

About the job

This is a remote position.

This is a remote position.

We hire Class A people.

Class A professionals already have a job they're proud of — but they're always open to something better. They value growth, character, and meaningful work. At our firm, personality matters as much as skill. We don't just fill positions; we build a team of driven, ethical, curious people who elevate each other.

If you're a Class A talent who wants to work with other Class A talent, let's have a conversation. When you are the right fit, we shape the role where you can thrive.

Requirements

Applications submitted through alternative channels will regrettably not be considered.

Benefits

We offer an attractive remuneration package and a comprehensive training plan to support your professional development within the company. You will be part of a dynamic and multicultural team. For this role, you need to have the flexibility and openness to adapt to remote work requirements.

This role is a 100% online job since our entire IT system is hosted in the cloud. You have the freedom to work from any location, provided you are available during office hours in Singapore.
