About the job

Job Description

Job Title: Policy Consultant

Job Type: Contract

Location: Remote

Job Summary: In this role, you'll apply your expertise to help train next-generation AI systems. Your work will shape how models learn, reason, and perform through high-quality, real-world input.

Key Responsibilities

- Analyze, draft, and review policy documents, legal contracts, proposals, and research papers using advanced Word and PDF skills.
- Provide strategic consultation and actionable recommendations on regulatory, legal, healthcare, academic, or finance-related matters.
- Conduct thorough document reviews, ensuring compliance, clarity, and adherence to industry best practices.
- Support clients with precise document formatting, tracked changes, form filling, and data extraction.
- Collaborate with cross-functional teams to synthesize complex data into succinct, actionable policies and procedures.
- Stay abreast of evolving regulations and guidelines relevant to your field of expertise.
- Communicate findings and recommendations in clear, compelling written and verbal formats.

Required Skills And Qualifications

- Minimum 3+ years of professional experience in government policy operations.
- Advanced proficiency with Word and PDF tools, including tracked changes, formatting, document review, and data extraction.
- Exceptional communication skills, with a strong emphasis on clear, professional written and verbal interactions.

- Demonstrated expertise in drafting, analyzing, and reviewing complex policy or regulatory documents.
- Proven ability to manage multiple projects and meet stringent deadlines in a fast-paced remote environment.
- Keen attention to detail and commitment to delivering high-quality work.

Preferred Qualifications

- Experience working with Fortune 500 clients or on high-profile regulatory, legal, or policy projects.
- Track record of collaborating with multidisciplinary teams to achieve impactful outcomes.
