Company Overview

Established in 2009 under the name Komasi Construction Pte. Ltd., Konnection Engineering Pte. Ltd. has evolved with a clear mission: to become the favored service provider for Trenchless Technology, specifically Horizontal Directional Drilling (HDD), installations in Singapore. In response to the

growing trend of utilities being situated deeper below the surface in Singapore, the challenges for precise and efficient installations have amplified, necessitating advanced solutions.

Officially recognized by the Building Construction Authority (BCA), Konnection Engineering holds an impressive Grade L4 in CR07, which encompasses Cable/ Pipe Laying & Road Reinstatement. This acknowledgment reinforces the company's credentials as a reputable industry player. Furthermore, the achievement of the Bizsafe Star from the WSH Council underscores the company's unwavering commitment to workplace safety and health. What truly sets Konnection Engineering apart is their dedicated team, composed of passionate individuals.
