Project Manager (Remote)
APAC

About the job

- Role: Project Manager (Remote)
- Location: Remote (Work from Anywhere)
- Job Type: Part-Time
- Payout: Competitive, based on experience

Role Overview:

We are hiring for one of our clients, seeking a Project Management Specialist to work on a part-time basis. The role involves managing client projects, ensuring timelines and deliverables are met, and coordinating with cross-functional teams.

Key Responsibilities:

• Oversee and manage assigned projects from initiation to completion, ensuring adherence to scope, budget, and timelines.

• Coordinate with internal teams and external stakeholders to gather requirements and align project objectives.

• Monitor project progress through regular updates, risk assessments, and mitigation strategies.

• Prepare and present detailed project reports to clients and senior management.

• Ensure compliance with company processes and industry standards throughout the project lifecycle.

Required Skills & Qualifications:

• Bachelor’s degree in Business Administration, Project Management, or a related field.

• Minimum of 3 years of experience in project management, preferably in a tech or consulting environment.

• Strong proficiency in project management tools such as Asana, Trello, or Jira.

• Excellent communication and organizational skills with the ability to manage multiple priorities.

• Experience working with remote teams and stakeholders across different time zones.

More About the Opportunity:

This role offers a unique opportunity to work with a global leader in the technology industry, contributing to the delivery of high-impact client solutions. The position plays a critical role in driving project success and maintaining client satisfaction.

Equal Opportunity Employer:

We hire based on skills and expertise. All qualified candidates are welcome regardless of background, experience, or prior employment history. Applications are reviewed solely on demonstrated technical ability and qualifications.
