Remote Data Entry Specialist (Philippines)

Philippines

Company: Contrarian Path

Location: Remote (Philippines)

Employment Type: Full-time

Experience Level: Entry-level (Marketing background ideal)

About Us

We are a dynamic, fast-growing digital media company based in Brisbane, Australia. We help brands thrive in the digital space, and we're looking for a sharp, detail-oriented Data Entry Specialist to join our remote team in the Philippines. If you love staying organized, have a knack for web research, and want to get your foot in the door with an international company, we want to hear from you!

The Role

This is a straightforward but highly crucial role. Your primary mission will be prospecting on Google to find and log accurate business information.

What you'll be doing:

- Prospecting and researching target businesses using Google.
- Accurately finding and entering core data points: Website URLs, Phone Numbers, and Email Addresses.
- Ensuring all data entered into our system is 100% accurate, clean, and error-free

Who You Are

- Detail-Obsessed: You notice the small things. Accuracy is your superpower—you double-check your work to ensure no typos or broken links slip through.
- Web Savvy: You know how to navigate Google efficiently to find the right contact information.
- Background in Marketing? Perfect! While this is an entry-level role, candidates with a basic marketing background or education will find themselves right at home.
- Reliable & Independent: You thrive in a remote work environment, possess a stable internet connection, and can manage your time effectively
- You have a fully functional and reliable computer with camera
- You have reliable internet.

Why Join Us?

- 100% Remote Work: Work from the comfort of your own home anywhere in the Philippines.
- Growth Potential: We are a growing company. As we scale, there will be exciting opportunities for you to expand your skills and transition into new areas of the business pending our company direction.
- Great Culture: Join a supportive, forward-thinking digital media team.
