Remote Data Entry Specialist - Assistant Administrator

Medina, Al Madinah, Saudi Arabia
Work Mode: Remote

We are seeking a Remote Data Entry Specialist - Assistant Administrator to support data management and administrative operations across our organization. This fully remote role is ideal for individuals who are detail-oriented, organized, and comfortable handling both data entry tasks and general administrative support responsibilities.

In this role, you will assist with maintaining accurate records, updating internal systems, and supporting day-to-day administrative workflows. Your ability to manage data with precision while staying organized across multiple tasks will contribute directly to operational efficiency and reliable information management.

Job Responsibilities:

1) Data Entry and Record Management

- Input, update, and maintain data across spreadsheets, databases, and internal systems
- Verify data accuracy and ensure records are complete and up to date
- Organize and maintain structured digital files and datasets
- Identify and correct inconsistencies or errors in data

2) Administrative Support and Coordination

- Assist with routine administrative tasks and internal processes
- Maintain trackers, logs, and reporting documents
- Support coordination of tasks to ensure timely completion
- Help manage and organize documentation for easy access

3) Communication and Task Tracking

- Review incoming requests and route them appropriately
- Communicate clearly with team members regarding updates or data issues
- Track task progress and follow up on outstanding items
- Provide updates on completed and pending work

4) Documentation and Quality Control

- Maintain standardized formats across data and documentation
- Perform routine checks to ensure data quality and consistency
- Support process documentation and workflow improvements
- Assist in preparing basic reports or summaries when required

Required Qualifications:

- Strong attention to detail and accuracy in data handling
- Basic proficiency with Microsoft Excel, Google Sheets, or similar tools
- Good organizational and time management skills
- Ability to follow structured processes and instructions carefully
- Clear written communication skills
- Comfortable working independently in a remote environment
- Reliable, self-motivated, and able to manage repetitive tasks consistently

- Previous data entry or administrative experience is a plus but not required

Benefits Package:

- Competitive compensation package
- Flexible fully remote working environment
- Structured onboarding and training support
- Opportunities for career development and progression
- Supportive and collaborative team culture
- Regular feedback and performance recognition

We are committed to fostering a positive remote work environment where employees can develop their skills, contribute effectively, and grow within the organization.
