**About the job**

Sales Growth Business Partner - Flowmingo Partner Program

**About Flowmingo**

Flowmingo is reimagining how companies hire.

Backed by Y Combinator and trusted by modern recruiters, we're an AI-powered interview platform helping fast-growing teams identify top talent faster and more fairly.

Flowmingo has enabled companies to drastically reduce screening time by 90% while improving candidate experience and selection quality to 95%. The best part? We're free to adopt (This makes the product both accessible and valuable to a wide range of companies), and scale with premium features for teams needing deeper structure and data control.

**About the Role**

As a Sales Growth Business Partner, you will introduce Flowmingo to forward-thinking companies and leaders in your network.

Your mission is to help them modernize hiring, streamline screening, and embrace AI-assisted selection.

This is a referral-based role with no fixed hours. Whether you're an agency recruiter, HR consultant, talent acquisition expert, or simply someone with strong ties in the hiring space, this role offers flexibility and high-impact potential.

**What You'll Do**

- Introduce Flowmingo to your network and community.
- Share how our AI interview platform transforms hiring and saves time.
- Serve as a trusted point of contact and thought partner as users explore the platform.
- Provide real-time market feedback to help improve our product and programs.
- Operate independently and earn based on your results.

**Who This Is For**

- Business development & sales professionals.
- Consultants and network-driven operators.
- People who can build trust with business decision-makers.
- Strong communication and relationship-building skills.
- Entrepreneurial mindset and results-driven work style.

**How You Get Paid**

This is a commission-only partner role designed for independent, performance-driven professionals who want flexibility and high-upside earning potential. You earn through a 50-50 revenue-share model, meaning you receive 50% of the revenue generated by the companies you bring in.

**How it works:**

- You introduce companies to Flowmingo.
- When they adopt premium features.
- You earn 50% of that revenue.

**Why This Role Matters & What You Gain**

- Unlimited earning potential (we don't cap the earnings).
- Earnings scale with usage volume and client size.
- Full transparency into performance and payouts.
- Autonomy to build your own pipeline and income stream.
- Work on your own schedule with full autonomy.
- Build a personal revenue stream backed by YC-grade technology.

This structure is designed for those who prefer freedom, ownership, and results-based compensation over fixed salary limitations.
