- Role: Senior UX/UI Designer (Remote)
- Location: Remote (Work from Anywhere)
- Job Type: Contract
- Payout: $15 - $85/hour

Role Overview:

We are hiring for one of our clients, seeking a UX/UI Expert to work on a contract basis. The role involves designing and refining user interfaces for a platform serving global users. The position requires expertise in translating user research into intuitive designs.

Key Responsibilities:

• Research user interactions to identify pain points and opportunities for improvement.

• Design high-fidelity wireframes, prototypes, and mockups using industry-standard tools.

• Collaborate with product managers and developers to ensure designs align with technical feasibility.

• Conduct usability testing and iterate on designs based on feedback.

• Maintain design systems and style guides to ensure consistency across the platform.

Required Skills & Qualifications:

• Proficiency in Figma, Sketch, or Adobe XD with a portfolio showcasing UI work.

• Experience conducting user research and translating findings into actionable design decisions.

• Strong understanding of accessibility standards and inclusive design principles.

• Ability to create responsive designs for web and mobile platforms.

• Experience working in Agile or iterative development environments.

More About the Opportunity:

This role offers a unique opportunity to work with a global leader in the Technology, Information and Internet industry, contributing to the enhancement of a widely used platform. The position is ideal for designers seeking to impact a broad user base through thoughtful, data-driven design solutions.

Equal Opportunity Employer:

We hire based on skills and expertise. All qualified candidates are welcome regardless of background, experience, or prior employment history. Applications are reviewed solely on demonstrated technical ability and qualifications.
