Slovenia Online Language School Franchise Partnership

Slovenia

Company Description: Lingua Learn Franchise Group is a virtual online training school with over 45 franchise hubs across six continents, offering more than 50 languages to individual and corporate clients. The organization focuses on the rapidly expanding online language learning sector, driven in part by the global rise in remote work. Lingua Learn identifies regions with strong growth potential and offers franchise agreements to partners in those markets. Franchise partners may receive exclusive rights to deliver Lingua Learn products and services in their country. Each franchise is supported with comprehensive training, operational guidance, and ongoing assistance from a multinational organization.

Role Description: The Slovenia Online Language School Franchise Partnership is a remote, contract opportunity to operate and grow a virtual language school under the Lingua Learn brand in Slovenia. Day-to-day responsibilities include managing local marketing and outreach, building relationships with individual learners and corporate clients, and overseeing enrollment and customer service. The partner coordinates language training schedules, ensures high-quality delivery of online courses, and collaborates with Lingua Learn's central team on curriculum, operations, and platform usage. The role involves monitoring performance metrics, identifying growth opportunities in the Slovenian market, and maintaining compliance with franchise standards and local regulations. The franchise partner is expected to actively drive business development while leveraging Lingua Learn's established systems, training, and support.

Qualifications

- Strong Communication skills, including clear spoken and written interaction with learners, corporate clients, and the Lingua Learn central team.
- Analytical Skills and Research abilities to assess market trends, identify growth opportunities, and make data-informed business decisions.
- Writing skills to create local marketing content, client communications, and reports that align with Lingua Learn's brand and standards.
- Training experience or familiarity with educational services to oversee the delivery of language programs and support instructors and learners.
- Entrepreneurial mindset, with proven ability to manage or grow a business, preferably in education, training, or related services.
- Comfort with remote work and digital platforms, including basic proficiency with online learning tools and CRM or scheduling systems.
- Knowledge of the Slovenian market and fluency in Slovenian and English; additional languages are an advantage.
- Relevant higher education or professional experience in business, education, or communications is beneficial.
