Social Media Content Creator / Social Media Assistant

Stop scrolling. Start creating. Use your skills for the climate and for your career.

Your benefits

Skill upgrade: Strengthen your profile in international content and strategic communication.

Portfolio boost: Use our global reach as a strong reference for your CV and portfolio.

Real responsibility: Co-create formats and take ownership of your own channels.

Global network: Work daily with experts from around the world and grow as part of a motivated team.

Your mission

We make it easy to move from talking to doing:

- Action: Support the project especially with social media, increasing audience engagement.
- Sync: Short daily or weekly online meetings for clear alignment and focus
- No expert needed: We teach you our workflows, you bring the energy

Who we're looking for

- You don't just want to work, you want to make a real difference
- You're reliable and take ownership

You understand that this role is voluntary and unpaid?

Then you're ready for the next step. Answer a few short questions and meet the team in our next online meeting.
