- Role: Telecommunications Specialist (Remote)
- Location: Remote (Work from Anywhere)
- Job Type: Contract
- Payout: $20 - $75/hour

Role Overview:

We are hiring for one of our clients, seeking a Telecommunications Expert to work on a contract basis. This role involves designing, implementing, and maintaining telecommunications systems and infrastructure. The position requires expertise in network architecture, system integration, and troubleshooting.

Key Responsibilities:

• Design, deploy, and optimize telecommunications networks, including VoIP, SIP, and PSTN systems.

• Collaborate with cross-functional teams to integrate telecommunications solutions with existing IT infrastructure.

• Perform network monitoring, diagnostics, and issue resolution to ensure minimal downtime and maximum reliability.

• Configure and manage telecommunications hardware, including routers, switches, and gateways.

• Document network configurations, policies, and procedures for internal and external stakeholders.

Required Skills & Qualifications:

• Minimum 3 years of experience in telecommunications engineering or a related field.

• Proficiency in VoIP, SIP, and PSTN protocols and technologies.

• Strong knowledge of network architecture, routing, and switching.

• Experience with telecommunications hardware such as routers, switches, and gateways.

• Familiarity with network monitoring and diagnostic tools.

• Ability to troubleshoot complex network issues and implement solutions.

• Excellent communication skills for collaborating with technical and non-technical teams.

More About the Opportunity:

This role offers a unique opportunity to work with a global leader in the Telecommunications industry, contributing to the development of cutting-edge communication solutions. The position involves direct impact on network performance and reliability for enterprise clients.

Equal Opportunity Employer:

We hire based on skills and expertise. All qualified candidates are welcome regardless of background, experience, or prior employment history. Applications are reviewed solely on demonstrated technical ability and qualifications.
