UGC Content Creator
San Francisco Bay Area

About the job

Company Description

Matchtern empowers ambitious high school students to gain real-world experience before entering college. By providing training and mentorship, we prepare students to excel in professional environments through strong communication skills and meaningful contributions. We carefully match students with internship opportunities at venture-backed companies aligned with their interests and career goals. Throughout the program, we support and guide students, ensuring their continuous growth and development. Our mission is to inspire the next generation of leaders by equipping them with the tools they need to succeed.

Role Description

This is a part-time remote role for a Short-Form Video Creator. The individual will be responsible for creating engaging short-form videos for various online platforms. We are looking for a part-time content creator to film and edit 2 short-form videos per week for TikTok and Instagram Reels.

This is an on-camera role. Do not apply for this role if you are not comfortable being on camera.

Responsibilities

- Film and edit 2 short-form videos per week (TikTok/Reels format)
- Deliver content based on provided scripts and talking points
- Basic editing including captions, cuts, and trending formats
- Deliver finished videos ready to post on a weekly schedule

Details

- Fully remote, flexible schedule
- Scripts and content direction provided each week

Qualifications

- Prior video content creation experience (personal brand, freelance, or client work)
- Comfortable and natural on camera
- Familiar with TikTok and Instagram Reels trends and editing styles
- Able to self-film with good lighting and audio quality
- Reliable with weekly deadlines
