Web Browsing Analyst (Remote)
Pakistan

About the job

- Role: Web Browsing Analyst (Remote)
- Location: Remote (Work from Anywhere)
- Job Type: Contract
- Payout: $30 - $45/hour

Role Overview:

We are hiring for one of our clients, seeking a Web Browsing Evaluator to work on a contract basis. The role involves assessing the quality, relevance, and accuracy of web search results and browsing experiences. Evaluators will follow detailed guidelines to provide feedback on search engine performance and user interface effectiveness.

Key Responsibilities:

• Assess the relevance and accuracy of web search results based on specific queries and user intent.

• Evaluate the quality of web pages, including content accuracy, usability, and adherence to search engine guidelines.

• Provide detailed feedback on the browsing experience, including page load times, navigation, and overall user satisfaction.

• Identify and report issues such as broken links, outdated content, or misleading information in search results.

• Follow structured evaluation guidelines to ensure consistency and reliability in assessments.

Required Skills & Qualifications:

• Demonstrated ability to follow detailed written instructions and provide constructive feedback.

• Familiarity with web browsing, search engines, and basic understanding of how search algorithms function.

• Strong attention to detail and ability to evaluate content for accuracy and relevance.

• Basic computer literacy and proficiency in using web browsers.

• Ability to work independently with minimal supervision in a remote setting.

More About the Opportunity:

This role offers a unique opportunity to work with a global leader in the Technology, Information and Internet industry, contributing to the improvement of search engine accuracy and user experience. Evaluators play a critical role in refining how information is delivered to users worldwide.

Equal Opportunity Employer:

We hire based on skills and expertise. All qualified candidates are welcome regardless of background, experience, or prior employment history. Applications are reviewed solely on demonstrated technical ability and qualifications.
