[Hiring] [Remote] [India] - Full Stack Developer;

Many talented developers have strong project experience, open-source contributions, and practical skills but may not always get the visibility they deserve.

If you're currently exploring opportunities, please share:

- Role you're seeking
- LinkedIn profile
- GitHub/Portfolio (if available)
- A brief summary of your projects or work
- Send your details to apply@opusdocs.com

I'm interested in connecting with early-career professionals, including fresh graduates and candidates with up to 2 years of experience, who can showcase their skills through real-world projects, hands-on work, and meaningful contributions.
