Division Manager
Location: Sharjah
Salary: AED 15,000 – 17,000

Industry: Healthcare

Job Brief:

We are hiring for a Division Manager job in Sharjah to support our client's pharmaceutical onboarding and integration activities within the UAE healthcare sector.

The ideal candidate will oversee manufacturer and MAH onboarding, ensure regulatory and operational readiness, and coordinate cross-functionally to support timely product launches. This role requires strong project management skills, regulatory understanding, and the ability to manage multiple stakeholders across the pharmaceutical ecosystem.

Job Responsibilities:

Manufacturer & MAH Onboarding

- Lead the onboarding of new pharmaceutical manufacturers and Marketing Authorization Holders (MAHs) in line with company strategy and UAE regulatory requirements.
- Manage due diligence, vendor qualification, and onboarding documentation, including **GMP certificates, COPP, licenses, and partnership agreements**.
- Act as the **primary point of contact for external pharmaceutical partners** throughout the onboarding process, ensuring clear communication and coordination.

Product Onboarding & Activation

- Oversee the onboarding and setup of **new medicine and drug portfolios** within the company's ERP and internal operational systems.
- Ensure that **product dossiers, technical documentation, and regulatory files** are complete and accurate prior to product registration and market launch.
- Coordinate **product pricing, master data setup, and launch readiness** with relevant internal teams.

Cross-Functional Coordination

- Work closely with **Regulatory Affairs, Supply Chain, Finance, Procurement, Sales, and IT teams** throughout the onboarding lifecycle.
- Track onboarding progress, manage timelines, and proactively resolve bottlenecks to ensure **timely product launches**.
- Coordinate **product availability, inventory planning, and operational readiness** across departments.

Compliance & Quality Alignment

- Ensure all onboarding activities comply with **UAE pharmaceutical regulations, internal SOPs, and quality standards**.
- Maintain updated **manufacturer licenses, certifications, agreements, and onboarding records**.
- Support **audits, compliance reviews, and vendor qualification processes** as required.

Continuous Improvement & Reporting

- Develop and improve **onboarding workflows, checklists, and internal processes** to enhance efficiency and compliance.
- Monitor **onboarding KPIs, timelines, and product launch performance**.
- Prepare **onboarding status reports and management updates** for leadership review.

Job Requirements:

- Bachelor's or Master's degree in **Pharmacy, Life Sciences, Business Administration, or Supply Chain**.
- **6–10 years of experience** in pharmaceutical onboarding, regulatory affairs, vendor management, or pharmaceutical supply chain operations.
- Strong knowledge of **pharmaceutical regulatory documentation, product onboarding processes, and GxP/GDP compliance standards**.
- **UAE or GCC pharmaceutical industry experience** is preferred.
- Strong **project management, stakeholder management, and communication skills**.
- Proficiency in **ERP systems and Microsoft Office applications**.
