HR Manager
Location: Abu Dhabi
Salary: AED 10,000 - 15,000

Industry: 3PL / Logistics & Transportation

Job Brief:

We are seeking an experienced HR Manager to lead and oversee all human resources functions within a fast-paced logistics and transportation environment. The role is responsible for managing workforce operations, ensuring compliance with UAE labor regulations, overseeing employee relations, and driving operational excellence across blue-collar and white-collar workforces.

The ideal candidate will have extensive experience managing large workforces within the logistics, delivery, transportation, FMCG, or manpower outsourcing sectors and possess strong leadership and problem-solving skills. This HR Manager Job in Abu Dhabi is an excellent opportunity for professionals looking to contribute to a dynamic and rapidly growing organization.

Job Responsibilities:

HR Department Leadership & Supervision

- Supervise and manage all activities of the HR department.
- Assign tasks, set priorities, and monitor the performance of HR team members.

- Ensure HR team compliance with company policies, timelines, and quality standards.
- Act as the final internal checkpoint before HR matters are escalated to management.

Workforce HR Operations

- Oversee end-to-end HR operations for riders, drivers, and white-collar employees.
- Ensure the proper execution of recruitment and onboarding activities.
- Maintain employee documentation and personnel records.
- Coordinate medical insurance administration.
- Manage employee leave and workforce status tracking.
- Handle disciplinary actions and employee investigations.
- Ensure no operational disruption occurs due to HR delays.

Payroll & Workforce Administration

- Oversee payroll coordination, including overtime calculations, deductions, and incentive administration.
- Monitor employee attendance and workforce data.
- Manage accommodation and transportation coordination for employees where applicable.
- Ensure accurate HR reporting and workforce administration.

Compliance & Legal Oversight

- Ensure full compliance with UAE Labor Law and MOHRE regulations.
- Oversee compliance with WPS governance requirements.
- Ensure compliance with medical insurance requirements and statutory obligations.
- Lead and manage MOHRE inspections, audits, and investigations.

Performance Management & Reporting

- Track and monitor KPIs such as attendance, productivity, punctuality, and operational performance.
- Analyze workforce data and provide recommendations for process improvements and workforce optimization.
- Prepare HR reports and management updates as required.

Leadership & Continuous Improvement

- Lead and develop HR coordinators and operational teams.
- Promote a process-driven and performance-oriented culture.
- Drive operational improvements and implement HR best practices.
- Support the business in a fast-paced startup environment and adapt to changing business requirements.

Job Requirements:

- Bachelor's Degree in Human Resources, Business Administration, or a related field.
- Minimum **3 years of UAE experience managing large blue-collar workforces, preferably within logistics, delivery services, transportation, FMCG, manpower outsourcing, or similar high-volume environments.**
- Experience managing riders or a workforce of approximately 500 blue-collar employees will be an advantage.
- **Strong knowledge of UAE Labor Law, MOHRE regulations, and WPS requirements.**
- Experience in payroll coordination, including overtime, deductions, and incentive management.
- Experience handling disciplinary cases, investigations, and employee relations matters.
- Strong knowledge of HRMS and attendance management systems.
- Advanced proficiency in Microsoft Excel and Google Sheets.

- Strong leadership, problem-solving, and decision-making skills.
- Excellent organizational and analytical abilities.
- Ability to work effectively in a fast-paced startup environment.
- Strong communication skills in English; Arabic language skills will be an advantage.
- Energetic, proactive, and able to manage multiple priorities effectively.
